- Vanilla Extract

Master Equipment List

- Large mixing bowl
- Mixing Bowl
- Electric Hand mixer
- Measuring Spoons
- Cutting Board
- Butter Knife
- Bamboo or Metal Skewers
- Serving Platter
- Serving Bowl & Spoon

Rainbow Fruit Kabobs & Lemonade Fruit Dip

RECIPE CARD | Servings: 8

Ingredients

- 8 ounces cream cheese at room temperature
- 1 cup marshmallow fluff
- 1/2 teaspoon vanilla extract
- 1-2 Tablespoons powdered lemonade mix
- 8 pieces of each color of rainbow fruit
- 8 bamboo or metal skewers

Directions

Rainbow Fruit Kabobs

1. Prepare rainbow fruit by cutting into large chunks. Try to make each fruit piece close to the same size. For berries and grapes you can simply leave the fruit whole and remove any stems.
2. Begin to assemble your fruit kabobs- the first color you select will be the bottom of your rainbow, so make sure you start with either **RED** or **PURPLE**.
3. When all of your kabobs are assembled arrange them on a serving platter.

Lemonade Fruit Dip

1. Add 8 ounces of room temperature cream cheese to a large mixing bowl.
2. With an electric hand mixer mix the cream cheese until it is nice and fluffy. Make sure to keep the beaters of the mixer on the bottom of the bowl, so that you don't get cream cheese all over you and your kitchen.
3. Add 1 cup of marshmallow fluff to the cream cheese. I like to "eye ball" the fluff because it can be quite sticky. The recipe is very forgiving and it's ok if you have a little more or a little less fluff.
4. Add in 1/2 teaspoon of vanilla extract.
5. Mix ingredients thoroughly.
6. You may love the dip just like this. If so you are ready to serve. But if you'd like to add a lemonade flavor, add in 1 to 2 Tablespoons of powdered lemonade mix and mix thoroughly.
7. Using a rubber spatula transfer prepared dip into a serving bowl and add to your plate of rainbow fruit kabobs. Serve and enjoy!
